AMENDMENT

The Commissioner of Patents  
and Trademarks  
Washington, DC 20231

Sir:

This Amendment is responsive to the Office Action dated March 22, 1995.

Please amend the above-identified application as follows:

In the Abstract:

Please delete the Abstract in its entirety and insert therefor,

--An electrically balanced connector assembly is presented. The assembly comprises a circuit board having circuitry thereon including a plurality of plated through holes. The plated through holes being spaced and interconnected in a defined configuration for restoring electrical balance to electrical components connected to the circuit board--.
